On September 9, 2002, applicants filed an Information Disclosure Statement which included the following documents: (1) an Information Disclosure Statement Transmittal Letter; (2) an Information Disclosure Statement; (3) a 1449 Form (1 page); (4) a copy of EP 1 065 279 A1; and (5) a copy of application number 09/549,949. A copy of the postcard receipt date-stamped by the U.S. Patent and Trademark Office is attached hereto as evidence to support that the above documents were received by the U.S. Patent and Trademark Office.

On the second page of the Information Disclosure Statement, not the 1449 Form, applicants properly listed application number 09/549,949<sup>1</sup> and requested the Examiner to return a copy of the Information Disclosure Statement with the Examiner's initials in the box adjacent to the paragraph indicating that the application had been considered.

On page 2, paragraph 4, the Examiner questioned how the Information Disclosure Statement could contain a second page when the 1449 Form, which was

acknowledge by the Examiner, was one page. The Examiner is correct that the 1449 Form was simply one page. However, the document entitled "Information Disclosure Statement" which was included along with the 1449 Form has two pages. It is the document entitled "Information Disclosure Statement" which listed the application and contained the box for the Examiner to initial so as to acknowledge consideration of the application. For the Examiner's convenience, a copy of the document, submitted on September 9, 2002, which is entitled "Information Disclosure Statement" is attached once again.

The Examiner is therefore requested to return a copy of the document entitled "Information Disclosure Statement" with the Examiner's initials placed in the box next to the paragraph on the second page indicating that application number 09/549,949 has been considered by the Examiner.

#### **REQUEST FOR APPROVAL OF DRAWING CHANGES**

Upon approval, applicants will implement the changes by submission of corrected drawings.

Applicants acknowledge the Examiner's indication that claims 11-18 are allowed.
